

Facility Reservations

The City of Carlsbad offers many rental areas throughout our parks.

Each area is unique with its advantages and disadvantages. These differences affect which fees are applicable to the customer as well as what the patron is allowed. Please refer to the **Rules and Regulations** before taking any reservation requests.

After understanding the **Rules and Regulations**, you may continue with first checking park availability, account creation and finally the creation of the permit. As mentioned in the Enrollment procedure, there may be multiple ways of completing this task.
